

# COOLVIEW

## KNOW WHEN YOUR DRINK IS ICE COLD

KNOW WHEN YOUR DRINK IS ICE COLD. STUNNING VISUAL IMPACT AS THE IMPRINT COMES TO LIFE WHEN AN ICE COLD DRINK IS ADDED!

### [ HOW IT WORKS ]

Submit your art – let us know which part needs to change into color! CoolView looks like satin etch at room temperature. Add an ice cold beverage and watch your CoolView imprint change!

### [ APPLICATIONS ]

Great for:

- Corporate Events
- Beer, Spirits, and Distillery Companies
- Ski Resorts, Golf Courses
- College Campuses
- Municipal Water Services
- Health and Wellness Centers
- Weddings/Anniversaries

### [ FULL COLOR COOLVIEW ]

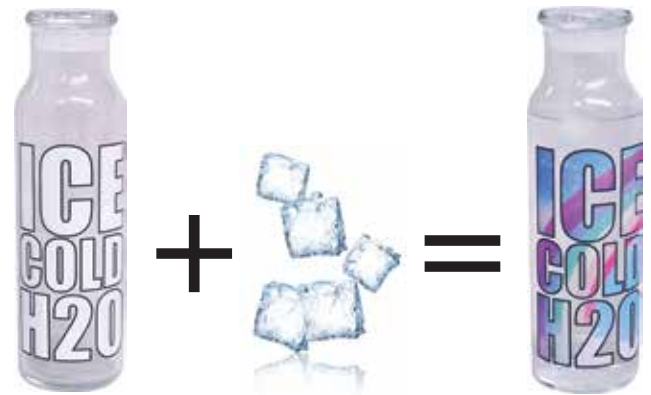

• Full Color CoolView is stunning! Black and white turns into vibrant color when a cold beverage is added!

• Great on glass or single wall stainless steel and aluminum

### [ THINGS TO KNOW ]

• CoolView can be added to standard imprints or printed on top of a white underbase to achieve the desired effect.

• CoolView is available in red, pink, orange, yellow, green, turquoise, blue, violet and black.

Room Temperature
